

# INTERNSHIP WITH LOCALHOST

[HTTP://WWW.LOCALHOST.MY](http://www.localhost.my)

Localhost is looking for interns to work on some of the most interesting technical challenges to help us accomplish our goals. These range from bite-sized feature development projects to large operational undertakings, such as building the systems that enable us to deliver fast, scalable and reliable services to users. You'll also have the opportunity to work on web interfaces that will be seen and used by millions of people around the globe. Not only will you make a visible and immediate impact on our dynamic ecosystem, you will work alongside some of the brightest minds in the industry and thrive in a culture that always puts users first.

## Culture

We believe in the democracy of ideas and are always assessing new ways to push ideas along more efficiently into production. A bottom-up approach to the way projects and ideas flourish along with transparency between all areas of the company is critical. Every Friday the entire company gets together over drinks and foods to hear teams and founders share their learnings, thoughts, ideas and developments from the past week.

## Positions:

- Junior Rails3 developer (Web Based Application)
- Junior Platform Engineer (Network & Operating System)
- UX Engineer (Interface)
- English Language Translator

\* You can work after class, at office or home. Hey you are a scorer? tell us and we will reward you.

## Qualifications:

- Currently pursuing TESL, CS110, CS223, CS224, CS226, CS233, CS230, CS225, CS231 or any courses (Other university and college in Shah Alam).
- Experience with web infrastructure, distributed systems, or component-oriented software engineering. No idea? no worries, we will train you.
- Willing to learn new technology + independent + fast learner + proactive.

## All the bennies

- Free Training (Rails3, IPv6, Cloud Computing, Network Security & more).
- Allowance minimum RM500/month during study or practical training.
- Work at office with free drinks and foods.
- 24 hours access to Localhost office.
- Work with Localhost after graduated.
- Office located within Shah Alam area.

## How to Apply:

**Please email your CV (with picture) to [hello@localhost.my](mailto:hello@localhost.my), tell us about yourself. We will call you for an interview. 0123121979 - Amir Haris**
